

Floating Tab Tensioned Screen

Floating Tab Tensioned Screen

Features:

- Utilizes thin cables ($\leq 2\text{mm}$) for a flawless suspension system, removing the necessity for traditional top black drops.
- The cable suspension can extend up to an impressive 196" (500cm).
- This design opens up the opportunity to showcase previously concealed architectural decorations, enabling the strategic placement of cameras and speakers in this area.

Enhanced Aesthetics

- Space -saving
- Adjustable height
- Seamless Integration
- Create usable space on the upper part
- Provide placement for the camera and speaker

Applications:

- Home cinemas
- Boardrooms
- Small Lecture halls
- Recreation entertainment rooms
- Large conference rooms or multi-purpose spaces
- Educational lecture theaters
- Hotel/Lobbies
