# ELEVATE YOUR COMMUNICATION

N·ear's Braided Fiber Cloth™ cords are built for demanding applications, consistently outperforming standard cords. With a remarkable 90 lb pull-strength, the meticulously woven construction enhances longevity by reducing wear and tear, while the braided design minimizes tangling and kinking, showcasing N·ear's commitment to quality.

Designed to enhance the wearing experience of the earpiece in various vest configurations, N·ear's Braided Fiber Cloth™ cord preserves signature sound quality and unparalleled comfort. Whether engaged in surveillance, coordinating operations, or responding to emergencies, N·ear prioritizes the imperative need for reliable and efficient gear in the law enforcement field.

Available in all single and dual models.

### CHOICE™ PTT/MIC.

C+PTT-M12

Embracing the CHOICE™ PTT/Mic. facilitates a seamless transition into a transformative communication experience. For users accustomed to earpieces directly linked to a speaker mic, the CHOICE™ PTT/Mic. operates similarly. Lighter and more flexible, this model is non-wireless and non-water resistant.

### CHOICE™ PTT/MIC. IP-65

C+WPTT-M12

The CHOICE™ is yours. Featuring a premium side PTT/Mic. with a Braided Fiber Cloth™ cord, ensuring durability and comfort. With an IP-65 rating, it's dust-tight and resistant to water from any angle. Compatible with a Remote PTT Button, users can enjoy the flexibility of a second PTT on various platforms.

### CHOICE™ PTT/MIC. IP-67

C+WPTT-M12

The Water-proof CHOICE™ PTT/Mic. introduces advanced features, such as seamless pairing with up to two Remote PTT Buttons. Engineered with high durability, the IP-67 rating, protects against temporary submersion up to 1 meter of water and dust.

# EXPERIENCE

## THE LUXURY OF ABSOLUTE COMFORT

Indulge in the unparalleled comfort and cutting-edge technology that eliminates ear fatigue, ensuring a luxurious experience. Immerse yourself in crystal-clear communication, seamlessly integrating advanced features for an unparalleled audio experience.

### N•EAR 360™ ORIGINAL

RO-360-22-3.5-L / RO-360-22-3.5-R

The N•ear 360™ Original earpiece is ear-specific and features a patented bend that offers a firm and secure hold. With a precise fit for either your left or right ear, the N•ear 360™ Original guarantees comfort and performance.

### N•EAR 360 FLEXO™

RO-360F-22-3.5

Experience the best of both worlds with the N•ear 360 Flexo™. With the same comfort and durability as the N•ear 360™ Original, the Flexo offers a game-changing feature: the ability to effortlessly switch between the left and right ears.

### N•EAR 360 FLEXO DYNAMIC™

RO-360FD-22-3.5

The N•ear 360 Flexo Dynamic™ is designed for those who prioritize affordability. This model offers the same flexible bend that can be worn on either the left or right ear. We successfully lowered the cost by using a larger dynamic speaker that maintains a full sound profile.
